Locum Quick Guide

PRACTICE DETAILS	
Name of Practice	Manor Medical Practice
Sites Address	Girlington Health Centre, 195 Girlington Road, Bradford, BD8 9PB Allerton Health Centre, Bell Dean Road, Bradford, BD15 7WA
Telephone Number	01274 484111
Email Address	B83012.manormp@nhs.net
Clinical System	SystemOne
IT & ACCESS	
Login Details	If you don't have your own login details, locum login details should be given to you when you arrive for your session. These login details only last till the end of the week so new ones will be provided when required.
Smartcard Access	Smartcard access will be allocated before your session. It is required that you use your smartcard during your sessions, failure to do so can impact aspects such as referring, prescribing, etc.
Login Issues	Please raise any login issues with the reception team who will escalate this for you.
KEY CONTACTS	
On Call GP	Enquire with Practice on the Day
IT Service Desk	THIS – 0845 127 2600
Patient Services Manager	Mrs Hannah Law
Dep. Practice Manager	Mr Freddie Rushworth
Practice Manager	Mr Daniel Beaumont
EMERGENCY EQUIPMENT AND PROCEDURES	
Emergency Equipment Location	In the back of each administration office, this includes defib, emergency drugs, oxygen, etc.
Patient Emergency Procedure	- Alert reception who will alert the doctor on call/GP on site and the practice nurse (if on site as well). - Begin appropriate clinical response. - Dial 999 if required and ensure clear access for emergency services. - Use emergency equipment if required.
Panic Button Procedure	Use SystemOne Panic button or key Ctrl+Shift+Enter into the keyboard.
SAFEGUARDING	
Safeguarding Leads	Adults: Dr Gabriela Braun Children: Dr Uzma Qureshi
Safeguarding Concern Procedure	- Send a task to the On Call GP. - Document clearly in the medical record.

PRESCRIBING	
ETP Prescriptions	All prescriptions should be sent ETP where possible, you will have to adjust your settings on your first day at the practice. Please ask at reception who will be able to assist you with this.
Repeat Prescriptions	Patients may request an issue of their repeat medications, please double check: • Issue duration • Any notes under the item • Diagnoses linked to the item
INVESTIGATIONS (Bloods, Urine, Stool, Etc.)	
Investigation Process for Locums	We unfortunately cannot give ICE access to locum GPs. When you need to request sample analysis or when asking the patient to book in for bloods, please ensure you write what is requested in the consultation, that way the HCA knows what to request.
REFERRALS	
Referrals Process (2WW, Urgent, Routine, Radiology, Etc.)	All referrals should be completed using the correct pathway on ASSIST, this is the capital green A underneath the patient demographics in the top right-hand corner of SystmOne. Please see some quick tips: • Most of our referrals should be sent to Bradford, using BTHFT when asked. • For suspected malignancies follow the correct pathway by clicking the “Cancer 2WW” template on the ASSIST homepage. • For radiology requests you don’t need ICE access, you need to refer using the “Request RADIOLOGY” template more than halfway down on the left-hand side of the ASSIST homepage. • X-RAY requests should be printed and given directly to the patient as they arrange the appointment themselves through St Lukes Hospital Radiology. • When writing your referrals, please include ALL necessary information as this makes it easier if it is rejected and needs redoing. Once a referral is completed, please send a task to the Medical Secretary user group, using the referral task and write in the body of the task what speciality the referral has been completed for.
PRIVATE NON-NHS WORK	
GP Letters, Reports, Medical, Vaccines, Etc.	All private work queries should be directed to the receptionist, and they will advise patients on the next steps in regard to charges, etc.
INCIDENTS	
Locum Incident Procedure	If an incident, accident, near miss occurs please: • Speak to On Call GP or Practice Manager immediately. • Record in clinical system (if applicable). • Complete incident form (if applicable).
INFECTION CONTROL	
Examination Gloves, Soap, Hand Sanitiser	These should all be available ready in the clinical room.
Clinical Waste and Sharps Bins	The correct clinical waste receptacles and sharps bins should be in the clinical room. Please follow correct process when using these.

The full locum pack, or any policies you wish to see are available on request from a member of the Manor Medical Practice team.
